SURFLEAN LAVENDER has a high washing power even in low temperature water. It effectively acts against dirt and even removes strong stains if directly poured over. SURFLEAN LAVENDER avoids the development of foam, it does not leave solid residues in drain water and on mangles and prevents the formation of calcareous deposits. Moreover, this product protects fibers and metals, makes easier the ironing and since it shortens washing times, it even reduces the consumption of energy. SURFLEAN LAVENDER is suitable for all kinds of industrial washing procedures.

SURFLEAN LAVENDER finds application in medium and small laundries and it is also suitable for hand-laundering. SURFLEAN LAVENDER can also be used with cool water (it is thoroughly soluble).
