

## SUEDE EMUL GREEN

GREASE FOR SUEDES, EMULSIFYING AND WITH CLEANING ACTION

SUEDE EMUL GREEN is a special high-concentrated product suitable for suede cleaning.

Aspect	Viscous liquid
Color	Dark green
Smell	Characteristic
pH at 20°C	6,5/7
Freezing temperature	Less than -7°C
Solubility in water	Emulsion at any concentration
Solubility in Perchloroethylene	Clear solution at any concentration

SUEDE EMUL GREEN is very powerful in removing dirt and gives suede their original softness and brightness. It renews the original tanning giving a good hand and improves the action of any further hydrophobic treatment.

SUEDE EMUL GREEN is suitable for all kind of solvents, machines and filtering systems.

Pre-brushing:

2 parts of SUEDE EMUL GREEN with 1 part of SURFAN GEM.

For pre-spotting it is advisable to dampen with non-diluted SUEDE EMUL GREEN, then use SURFIN GAMMA for oily stains (Pay attention: do not rub vigorously and be careful with feeble dyes)

Into the machine with perchloroethylene:

- 40-70 gr of SUEDE EMUL GREEN per liter of solvent  
(only 15-25 g/l for sheepskin)

Finishing: emulsify SUEDE EMUL GREEN with 5-8 parts of water. Spray uniformly on the garment to be treated. Let it dry well. Brush carefully.

SUEDE EMUL GREEN can be stored for 1 year at room temperature.

Any changing of the green colour does not damage the quality or action.

The container should always be tightly closed after drawing.

Plastic container with 10 - 25 Kg content.

741510 = 10 Kg      741525 = 25 Kg
